THE BLOWER UNIT THAT
WORKS **QUIETLY** IN
YOUR HOME.

Fujioh Original Design

PERFECT DESIGN FOR YOUR CABINET
DESIGNED WITH YOU IN MIND

Compact, easy-to-use and extremely quiet - the Fujioh Blower unit is perfect for today's wood canopy kitchen. Employing advanced technologies that not only make it quieter, it is also easy to clean and maintain. Not to mention, every Fujioh Blower unit comes with a 3-year limited warranty for the added assurance you want.

Fujioh Aluminum Filter

Long Life & Easy to Clean

FUJIOH ALUMINUM SLOT FILTER

The removable Fujioh Aluminum Filter is made from the highest quality materials to provide the longest life possible and keep your Blower Unit operating at the highest performance.

Fujioh Aluminum Filter also has a highly effective performance for easy cleaning and is dishwasher-safe.

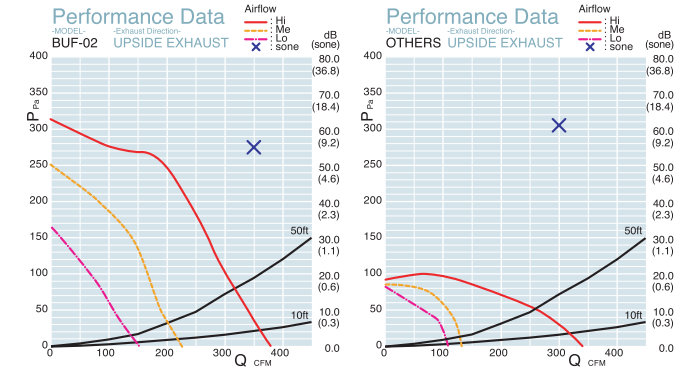

Bright Light

HIGH INTENSITY

The Fujioh 40W high intensity light bulb focuses directly toward the center of the cooktop, so chefs can see precisely what's happening on each burner.

Even when the kitchen's closed for business, Fujioh's light setting will help homeowners see their way clear to a midnight snack.

Fujioh Performance

PERFORMANCE DATA CURVE

Compare the Performance Data Curve with another Blower Unit with a higher CFM rating. You can easily see the difference of how much Duct Resistance the Fujioh Blower Unit can handle and still operate at a superior performance.

HOW TO READ THE PERFORMANCE DATA

Judging from actual test performances of Fujioh models, where a ø6" duct was connected to the blower unit and a vent cap was attached to the outer wall, the exhaust capability of cooking fumes was reduced.

The performance curve shows the correlation between the discharging airflow and the resistance of discharge. The higher the "Pa", the better the product. Fujioh product performances are extremely strong for resistance whether it has long ducting or vent cap and also from outside-wind.

Fujioh Limited Warranty

3-YEAR LIMITED WARRANTY

Fujioh's 3-year limited warranty gives you added assurance and peace of mind that other brands don't. Every Fujioh Blower unit is built to strict and exact specifications to give you the very best for years to come.

* Except for the BUF-04 motor, which has a one-year limited warranty.

Quality

ISO-9001 CERTIFICATION

In 1995, we were awarded the ISO-9001 certificate for our production systems, quality control, design and service. It's a mark of our promise to deliver quality products to our customers and to constantly provide products that offer a better quality of life and peace of mind.

UL/C-UL & HVI CERTIFIED

UL/C-UL & HVI CERTIFIED PRODUCTS

All products are UL and C-UL certified products and have gone through the HVI test program.
